Long Distance Calls

No matter how many miles apart . . . Long Distance brings people together in seconds. When you are lonesome, just pick up your telephone for a friendly visit. When you are worried, a telephone call is most re-assuring. If there's business to be discussed in a distant city . . . there's no way better than a telephone call.

STATION-TO-STATION CALLS . . . Call Station-to-Station if you're willing to talk to anyone who answers. This type of call is faster and cheaper. Charges start when the called telephone is answered.

To place a Station-to-Station Call, give the Operator the name of the place and the telephone number you are calling. If you don't know the number, give her the name and address and explain that you will speak to anyone at that number. When she gives you the number, list it in your personal list of telephone numbers, since calling by number is twice as fast. Give your telephone number when the Operator asks for it.

PERSON-TO-PERSON CALLS . . . Call Person-to-Person if you must speak to a particular person, department, hotel room or switchboard extension. The charges, which are higher than for a Station-to-Station call, begin when the conversation starts. Charges may be reversed without any change in rate.

To place a Person-to-Person call, give the Operator the name of the place, the telephone number and the name of the person you are calling. If you don't know the number, give the Operator the name and address. When she gives you the number, list it in your personal list of telephone numbers, since calling by number is twice as fast. Give your telephone number when the Operator asks for it.

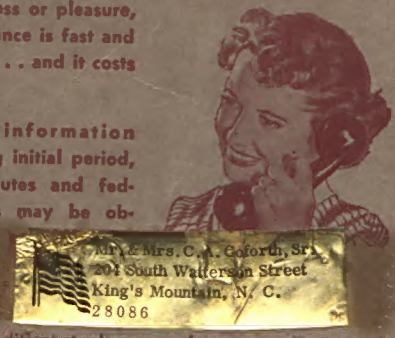

COLLECT CALLS . . . If the charges for a call are to be paid at the distant telephone, tell the Operator when placing the call that it is a Collect Call.

MESSENGER CALLS . . . To call someone who has no telephone and it is necessary for Long Distance to arrange for a messenger to call the person to the nearest telephone. The Person-to-Person rate applies, plus the actual charges for the messenger service.

CONFERENCE CALLS . . . A family reunion or a business meeting by telephone. You can talk with several people in different places on the same call. Just ask Long Distance for the Conference Operator and tell her the names and numbers you wish to reach. She'll make all the arrangements and call you.

For business or pleasure, Long Distance is fast and personal . . . and it costs so little.

Rates and information concerning initial period, extra minutes and federal taxes may be obtained by dialing "Long Distance."

MOBILE TELEPHONE CALLS . . . You can make local and Long Distance calls to automobiles, trucks, trains and boats equipped for mobile telephone service. To place a mobile telephone call, call Long Distance and tell the Operator you wish to place a mobile service call.

OVERSEAS TELEPHONE SERVICE . . . Calls to practically all the world's telephones and certain ships at sea can be made from your telephone. For further information about this service and the rates, call Long Distance. To place an overseas call, tell the Long Distance Operator you wish to place an overseas call and give her the name of the country. Rates to many countries are reduced during night hours and on Sunday.

BELL SYSTEM CREDIT CARD . . . Makes out-of-town calling easier when you are away from your office or home. You can charge out-of-town calls, any time, anywhere, and have the charges appear on your business or residence telephone bill.

PLACE YOUR CALLS BY NUMBER . . . IT'S TWICE AS FAST

Use the handy Blue Book of Telephone Numbers to keep a list of the numbers you frequently call. Keep it by your telephone for easy reference and to jot down numbers you get from the Operators . . . either Long Distance or Local.

Long Distance Rates Are Low

FOR RATES TO ANYWHERE, JUST CALL YOUR LONG DISTANCE OPERATOR

(These sample rates are for three-minute station-to-station calls, after 6 P.M. and on Sunday. Federal excise tax not included.)

Charlotte to Los Angeles	$1.90	Atlanta to Chicago	$1.05
Miami to New York	1.45	Jackson, Miss. to Dallas	.85
New Orleans to Washington, D. C.	1.35	Birmingham to Cincinnati	.85
Jacksonville to Detroit	1.30	Louisville to Cleveland	.75

GENERAL INFORMATION

TARIFFS . . . Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Office for public inspection.

TRANSMITTING MESSAGES . . . Employees of the Telephone Company are forbidden to accept oral or written messages to be transmitted over the lines of the Telephone Company.

RELINQUISHING TELEPHONES FOR EMERGENCY CALLS . . . The law of North Carolina provides that any person who fails to relinquish a telephone party line or a public-pay telephone when informed that such a line is needed for an emergency call to a fire department or police department, or for medical aid or ambulance service shall be guilty of a misdemeanor. Such law also provides that any person who shall secure a telephone party line or a public-pay telephone by falsely stating that such line is needed for an emergency call, is guilty of a misdemeanor.

ADVERTISING TELEPHONE NUMBERS . . . There are recognized advantages of showing telephone numbers on stationery, signs, cards, etc. Growth and changes in telephone facilities may require the changing of telephone numbers, therefore, any of these showing telephone numbers should not be printed in large quantities.

TELEGRAMS BY TELEPHONE . . . You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Co., and have the charges appear on your telephone bill. You may also telephone your messages from coin telephones, paying as you would for a telephone call.

RECORDING OF TELEPHONE CONVERSATIONS . . . Many businesses have automatic answering and recording telephone sets to take your calls and record any messages. A "beep" tone is the signal that the device is starting to record. When you hear the "beep", speak your message into the telephone clearly; you will have about 30 seconds.

For Your Protection . . . the "beep" signal, produced automatically by the device used to connect recording equipment to telephone lines and heard about every 15 seconds on any telephone call, indicates that your conversation is being recorded. If you don't want a record made, tell the party to disconnect his recorder. You will know he has complied if the "beep" stops. Use of a recorder without this signal is unlawful.

YOUR 'PHONE AWAY FROM HOME . . . More and more outdoor telephone booths are being placed at convenient locations everywhere; ready for use 24 hours a day, every day in the year. There are hundreds of other telephone booths in buildings, stores, hotels, gas stations, airports, railroad and bus stations, etc. You are always near a public telephone. Instructions as to how to use it are displayed on or near each 'phone.

PARTY LINE COURTESY . . . When several persons share the use of a telephone line, consideration and courtesy are important to all. Everyone will enjoy better service if each one will be reasonably brief . . . space calls so the other party can place his calls . . . and give up the line for emergency use.

TELEPHONE DIRECTORIES

Telephone directories distributed from time to time by the Telephone Company remain the property of the Telephone Company, shall not be mutilated, and shall be surrendered upon request or upon the delivery of the subsequent issue.

DIRECTORY ACCURACY . . . Even though every effort is made to compile this directory accurately, errors sometimes occur. The Company assumes no liability for damage arising from errors or omissions in publishing this directory. Please report incorrect listings promptly so that we may change our records and do whatever we can to protect your service in the meantime.

AVOID CALLING WRONG NUMBERS . . . Calling wrong numbers, resulting in inconvenience and loss of time, can be avoided if you consult the current directory before placing a call and dispose of obsolete directories.

INFORMATION SERVICE . . . Telephone numbers which do not appear in the current directory may be secured by calling "Information." When you get a number from "Information," jot it down in your personal list for future use.

ATTACHMENTS TO DIRECTORIES . . . No binder, holder, insert or auxiliary cover or attachment of any kind not furnished by the Telephone Company shall be attached to or used with the directories owned by the Telephone Company, except that this prohibition shall not apply to a subscriber—provided binder, holder, insert, or auxiliary cover which contains no advertising and which is not so attached as to impede reference to essential service information or otherwise interferes with service.

OUT-OF-TOWN DIRECTORIES . . . Telephone directories of other cities in this country and certain foreign countries can be obtained for our customers. Prices, etc., may be secured from the Business Office.

TELEPHONE COMPANY "EXTRAS"

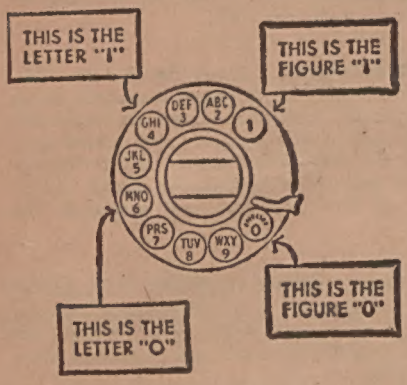

CONDUCTED TOURS . . . We enjoy playing host to groups on conducted tours of our buildings. If you would like to tour our facilities, we'll do our best to make the arrangements.

PROGRAM AIDS FOR ORGANIZED GROUPS . . . Interesting programs on telephone subjects can be arranged free of charge. Described below are the two main types of programs.

LECTURE DEMONSTRATIONS . . . Telephone speakers can be booked for all kinds of meetings. Talks include information on many new exciting developments in the world of communications and other timely subjects. Ask for a list and description of the many fascinating programs.

TELEPHONE MOTION PICTURES . . . Many entertaining and informative sound-motion pictures on telephone and scientific subjects are available free of charge.

HOW TO DIAL IN GROVER . . .

If the number you wish to call is preceded by a Central Office Name, you dial the first two letters of the Central Office Name and then each figure of the telephone number. If the number consists of figures only, then you dial each figure of the telephone number. It is most important in all instances not to confuse the letter "O" and the figure "Zero," nor teh letter "I" and the figure "1" (see illustration).

HOW TO DIAL A NUMBER

1. **KNOW THE CORRECT NUMBER.** If you are not sure, look it up in your directory. If it is not listed, dial "Information." Write it down and refer to it while dialing.

2. **LISTEN FOR THE DIAL TONE.** Then dial the number promptly and accurately. If you do not hear the dial tone, hang up for a few seconds and try again.

3. **TO DIAL A NUMBER**—Turn the dial until your finger touches the finger stop and allow it to return to its normal position for each letter and figure of the number.

4. **IF YOU MAKE A MISTAKE WHILE DIALING** Hang up for a few seconds and after listening for the dial tone, dial the number again.

SIGNALS

If you do not hear the ringing or busy signal after dialing, hang up for a few seconds and dial the number again. If you hear a rising and falling tone, you have dialed a non-existent number. Verify the number and dial again.

ASSISTANCE

If you wish any assistance in completing a call, dial "Operator."

HELPFUL SUGGESTIONS

Do not turn the dial during a telephone conversation.

A prompt answer may prevent the loss of a call.

Be careful to replace the receiver properly so your telephone will not be put out of working order.

Listen to make sure that the line is not in use when calling from a party line or from a line with additional telephones.

OTHER PARTIES ON YOUR LINE

If you wish to know the names of the other parties on your line, you may obtain this information from "Repair Service."

TO CALL ANOTHER PARTY ON YOUR LINE . . . GROVER

1. Dial the listed number.
2. When you hear the busy signal, hang up.
3. When your bell stops ringing, your party has answered.
4. If your bell does not stop ringing within a reasonable time, lift your receiver to stop the ringing. Try the call later.

BUSINESS TRANSACTIONS

►► **OUR AIM** is to render a service that will be satisfactory to our customers, however, we realize that difficulties will sometimes occur despite all our efforts to avoid them. On PAGE ONE is shown Calling Information regarding—PLACING LONG DISTANCE CALLS, OBTAINING NUMBERS NOT IN THE DIRECTORY, REQUESTING ASSISTANCE ON CALLS, REPORTING TELEPHONES OUT OF ORDER and MAKING EMERGENCY CALLS. All business matters should be taken up with the Business Office either by telephone or by mail.

YOUR BUSINESS OFFICE REPRESENTATIVE Your service is handled by a representative in the Business Office who will help with any service requirements. She will arrange for additional telephone service, moves or disconnection of service, listings in the directory, answer questions about your bills or payments, and furnish information about other telephone matters.

You may reach your Service Representative by dialing HU 7-9011, giving the Operator who answers, your telephone number and asking her for the representative who handles your service. If you are not a subscriber and wish to inquire about telephone service, dial HU 7-9011 and ask the Operator for the representative who handles new service.

Business Offices are located at:—
318 S. DeKalb St., Shelby, N. C.
Telephone HUxley 7-9011

Office hours are from 9:00 A. M. to 5:00 P. M. Monday through Friday (closed Saturdays, Sundays & holidays).

If an emergency arises outside of the office hours shown above which requires immediate attention, dial Operator and ask for "Assistance."

BILLS AND PAYMENTS Telephone bills are rendered monthly and include charges in advance for local service for a one month period from date of bill and for long distance service for a month period preceding the date of the bill.

Bills may be paid by mail or in person at the Business Office located at 318 S. DeKalb St., Shelby, N. C. There is a depository in the entrance of the building for the convenience of customers wishing to pay bills before or after office hours and on Saturdays, Sundays and holidays.

Please return bill stub with your payment. If you have mislaid the stub, write your telephone number on the check or money order.

The Manager listed below will assist in any matter you may feel has not been disposed of properly.

	OFFICE TELEPHONE
E. F. Farris, Manager	HU 7-9011

GENERAL INFORMATION

TARIFFS . . . Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Business Office for public inspection.

TRANSMITTING MESSAGES . . . Employees of the Telephone Company are forbidden to accept oral or written messages to be transmitted over the lines of the Telephone Company.

RELINQUISHING TELEPHONES FOR EMERGENCY CALLS . . . The law of North Carolina provides that any person who fails to relinquish a telephone party line or a public-pay telephone when informed that such a line is needed for an emergency call to a fire department or police department, or for medical aid or ambulance service shall be guilty of a misdemeanor. Such law also provides that any person who shall secure a telephone party line or a public-pay telephone by falsely stating that such line is needed for an emergency call, is guilty of a misdemeanor.

ADVERTISING TELEPHONE NUMBERS . . . There are recognized advantages of showing telephone numbers on stationery, signs, cards, etc. Growth and changes in telephone facilities may require the changing of telephone numbers, therefore, any of these showing telephone numbers should not be printed in large quantities.

TELEGRAMS BY TELEPHONE . . . You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Co., and have the charges appear on your telephone bill. You may also telephone your messages from coin telephones, paying as you would for a telephone call.

RECORDING OF TELEPHONE CONVERSATIONS . . . Many businesses have automatic answering and recording telephone sets to take your calls and record any messages. A "beep" tone is the signal that the device is starting to record. When you hear the "beep", speak your message into the telephone clearly; you will have about 30 seconds.

For Your Protection . . . the "beep" signal, produced automatically by the device used to connect recording equipment to telephone lines and heard about every 15 seconds on any telephone call, indicates that your conversation is being recorded. If you don't want a record made, tell the party to disconnect his recorder. You will know he has complied if the "beep" stops. Use of a recorder without this signal is unlawful.

YOUR 'PHONE AWAY FROM HOME . . . More and more outdoor telephone booths are being placed at convenient locations everywhere; ready for use 24 hours a day, every day in the year. There are hundreds of other telephone booths in buildings, stores, hotels, gas stations, airports, railroad and bus stations, etc. You are always near a public telephone. Instructions as to how to use it are displayed on or near each 'phone.

PARTY LINE COURTESY . . . When several persons share the use of a telephone line, consideration and courtesy are important to all. Everyone will enjoy better service if each one will be reasonably brief . . . space calls so the other party can place his calls . . . and give up the line for emergency use.

TELEPHONE DIRECTORIES

Telephone directories distributed from time to time by the Telephone Company remain the property of the Telephone Company, shall not be mutilated, and shall be surrendered upon request or upon the delivery of the subsequent issue.

DIRECTORY ACCURACY . . . Even though every effort is made to compile this directory accurately, errors sometimes occur. The Company assumes no liability for damage arising from errors or omissions in publishing this directory. Please report incorrect listings promptly so that we may change our records and do whatever we can to protect your service in the meantime.

AVOID CALLING WRONG NUMBERS . . . Calling wrong numbers, resulting in inconvenience and loss of time, can be avoided if you consult the current directory before placing a call and dispose of obsolete directories.

INFORMATION SERVICE . . . Telephone numbers which do not appear in the current directory may be secured by calling "Information." When you get a number from "Information," jot it down in your personal list for future use.

ATTACHMENTS TO DIRECTORIES . . . No binder, holder, insert or auxiliary cover or attachment of any kind not furnished by the Telephone Company shall be attached to or used with the directories owned by the Telephone Company, except that this prohibition shall not apply to a subscriber—provided binder, holder, insert, or auxiliary cover which contains no advertising and which is not so attached as to impede reference to essential service information or otherwise interferes with service.

OUT-OF-TOWN DIRECTORIES . . . Telephone directories of other cities in this country and certain foreign countries can be obtained for our customers. Prices, etc., may be secured from the Business Office.

TELEPHONE COMPANY "EXTRAS"

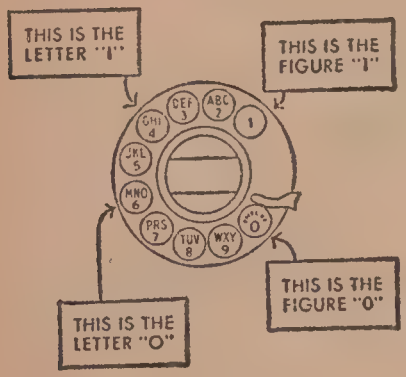

CONDUCTED TOURS . . . We enjoy playing host to groups on conducted tours of our buildings. If you would like to tour our facilities, we'll do our best to make the arrangements.

PROGRAM AIDS FOR ORGANIZED GROUPS . . . Interesting programs on telephone subjects can be arranged free of charge. Described below are the two main types of programs.

LECTURE DEMONSTRATIONS . . . Telephone speakers can be booked for all kinds of meetings. Talks include information on many new exciting developments in the world of communications and other timely subjects. Ask for a list and description of the many fascinating programs.

TELEPHONE MOTION PICTURES . . . Many entertaining and informative sound-motion pictures on telephone and scientific subjects are available free of charge.

HOW TO DIAL . . .

If the number you wish to call is preceded by a Central Office Name, you dial the first two letters of the Central Office Name and then each figure of the telephone number. If the number consists of figures only, then you dial each figure of the telephone number. It is most important in all instances not to confuse the letter "O" and the figure "Zero," nor the letter "I" and the figure "1" (see illustration).

HOW TO DIAL A NUMBER

1. **KNOW THE CORRECT NUMBER.** If you are not sure, look it up in your directory. If it is not listed, dial "Information." Write it down and refer to it while dialing.

2. **LISTEN FOR THE DIAL TONE.** Then dial the number promptly and accurately. If you do not hear the dial tone, hang up for a few seconds and try again.

3. **TO DIAL A NUMBER**—Turn the dial until your finger touches the finger stop and allow it to return to its normal position for each letter and figure of the number.

4. **IF YOU MAKE A MISTAKE WHILE DIALING** Hang up for a few seconds and after listening for the dial tone, dial the number again.

SIGNALS

If you do not hear the ringing or busy signal after dialing, hang up for a few seconds and dial the number again. If you hear a rising and falling tone, you have dialed a non-existent number. Verify the number and dial again.

ASSISTANCE

If you wish any assistance in completing a call, dial "Operator."

HELPFUL SUGGESTIONS

Do not turn the dial during a telephone conversation.

A prompt answer may prevent the loss of a call.

Be careful to replace the receiver properly so your telephone will not be put out of working order.

Listen to make sure that the line is not in use when calling from a party line or from a line with additional telephones.

A Receiver...

OFF THE HOOK

Means A Telephone Off The Job

When you forget and leave a telephone receiver off its hook, it cuts off your line from incoming calls. Anyone calling your number will get a "busy" signal or possibly an "out-of-order" report.

If you are on a party line, leaving the receiver off not only interrupts your service, but that of others on the line with you. In addition, busy central office equipment is tied up needlessly.

So, protect your service and avoid missing important calls by being careful to see that your receiver is always properly on the hook when your telephone is not in use.

DO YOU SPEAK PLEASANTLY?

Remember, it may be your best friend, or your best customer, who is telephoning. Answer him as pleasantly as you would if you were face to face.

Did you ever stop to think

what you get for your telephone dollar?

In a single day, you may use your telephone many times to run errands . . . make appointments . . . visit a neighbor down the block . . . handle matters of business . . . and receive an important call from someone miles away. In the course of a month, you repeat this performance many times. Day and night, around the clock, in good weather and bad, the telephone serves you . . . saving time and steps, work and worry . . . enriching life for all the family.

Building or Remodeling?

PLAN FOR CONCEALED TELEPHONE WIRING . . .

Telephone Outlets in every room where telephone service may later be desired add a world of convenience and extra value to a home.

It costs very little during construction to include conduit for future telephone service. This will avoid drilling and exposed wires.

For further information ask for "Architects' and Builders' Service"

A RECEIVER OFF THE HOOK IS A TELEPHONE OFF THE JOB

When you forget and leave your telephone receiver off its hook, it cuts off your line from incoming calls—and anyone calling your number will get a "busy" signal or possibly an "out-of-order" report.

So play safe and keep your receiver securely on the hook when not in use.
